"We had a Client Appreciation event on a Sunday afternoon. Everything was wonderful, from the weather to the excellent service we received. The team made sure we had everything we needed and that our guest enjoyed a relaxing afternoon in such a beautiful setting. We highly recommend that you book an event with City Scape!"

**- RITA CONLEY**

"My boyfriend proposed to me at City Scape! This winery is a favorite of ours because of their tastings and quite honestly I haven't had a wine there that I haven't liked! The owners were SO accommodating, I had absolutely no idea what he or they were planning for us! We had another great tasting... they use cheeses from a local creamery, which are phenomenal! The area is pretty as can be, perfect for photos! They even crafted a custom wine label to commemorate our engagement. Everyone was such a pleasure and went above and beyond for us on such a special day!"
