"The City Scape team is an absolute dream to work with for an event. They care about people and all the little details to help make your vision come to life. This is now the second non-profit fundraiser we have been fortunate to host at City Scape in the last 5 years and it just keeps getting better. Josh and Deb care deeply for others and the community and they have created a team that executes their vision and mission well. Truly, I can't say enough wonderful things about them!"

- TIA ROSENBALM

"Wow! Just Wow! I took my family, friends and wedding party there for a winery tour and tasting during the day before our wedding reception. And it was the perfect way to kick off our wedding weekend. It is an absolutely beautiful venue and the perfect setting for all of our loved ones to meet each other for the first time. Bri was absolutely amazing and explaining and coming up with all of many ways they could accommodate our large group. The wine cards and gift wine glasses were absolutely perfect!"
